QUESTIONS?

If you have questions regarding the provider network, call Anthem at **844-614-3181**.

Helpful Key Terms

Deductible: The amount you pay each calendar year before the plan begins paying benefits. Not all covered services are subject to the deductible; for example, the deductible does not apply to preventive care services or when there is a copay.

Embedded Deductible: Each person has their own deductible within the family plan. Once an individual meets their own deductible, the plan starts covering their costs—even if the family deductible hasn't been reached.

Coinsurance: The percentage of a covered service you pay after meeting your deductible. Coinsurance applies until you reach your out-of-pocket maximum.

Copay: A fixed dollar amount you pay the provider at the time of service in lieu of a deductible and coinsurance.

In-Network: Care provided by contracted doctors and facilities within the plan's network. You will pay less receiving care from in-network providers.

Annual OOPM: The maximum amount you will pay for health care services, through deductibles, copays, and coinsurance. Once you reach this limit, the plan pays 100% of your covered, in-network services for the rest of the plan year.

Which Medical Plan Is Right for You?

HDHP or PPO

There is no "best" plan. When deciding which medical plan is right for you and your family, it is important to consider the total cost of coverage. While each medical plan includes free preventive screenings, the medical plans vary on annual deductibles, copays, and out-of-pocket maximums.

Plan Features	HDHP	PPO
Cost per paycheck	lower	higher
Free preventive care	✓	✓
Must select a Primary Care Physician (PCP)	x	x
Referrals needed for specialists	x	x
Annual deductible to satisfy	higher	lower

KEY TAKEAWAYS

- HDHP + HSA is an attractive plan for healthy employees with no dependents or for families who don't frequently use care. But even with large claims, the lower premiums and employer HSA dollars often make the HDHP competitive with the PPO.
- HSA Advantage: Contributions roll over year to year, so savings accumulate in plan years when the cost for care is light.
- PPO offers more predictable costs at time of service (lower upfront deductible, many copayment options), but premiums are more expensive.

ADDITIONAL HDHP BENEFITS

There are a variety of drugs and services that are covered 100% as preventive care through the HDHP. This preventive pharmacy coverage extends to many conditions, including heart disease, asthma, depression, liver disease, and more. To view an inclusive list, go to **roperbenefits.info/medical-prescription**.

Example: If you are diabetic and require A1c testing and insulin medication, you can be covered for certain drugs and services at 100%.

Prescription Drug Coverage

Spend Less with Generics

Generic medications have the same active ingredients as brand-name drugs but typically cost much less. Choosing a generic drug when available is an easy way to save.

Keep in mind: If you or your doctor requests a brand-name drug when a generic equivalent is available, you'll pay the brand copay or coinsurance, plus the difference in cost. You'll never pay more than the brand-name drug's actual cost.

Save More with Mail Order

Take maintenance medications regularly? Consider mail order. You can get a 90-day supply delivered right to your home, for less than the cost of three monthly refills.

Plan Features	Anthem HDHP	Anthem PPO
	In-Network	In-Network

Lifestyle Examples

Below are two examples of fictional health care users. You may find some similarities to your own situation, and they may help you decide which plan to enroll in. Actual prices and savings will vary based on provider's rates and type of care.

Jordan - Plan Usage: Low

Jordan covers one young child. They mainly use preventive care but may have an occasional urgent care visit or prescription.

Plan Feature	HDHP + HSA	PPO
Annual Premium	$2,268	$4,464
Annual Deductible	$3,500 individual / $7,000 family (embedded)	$1,250 individual / $2,500 family
Employer HSA Contribution	$1,400	N/A
Coinsurance	20% after deductible	20% after deductible
Scenario Costs		
Child: Urgent Care & Follow-up with Specialist	$300 + $225 met towards deductible	$50 copay + $40 copay
Employee: Preventive List Generic Rx	$0 (no cost preventive list for HDHP)	$80 ($20 copay mail-order 4 x per year)
Total Medical OOP	$525	$170
Total Annual Cost (premiums + cost of care – employer HSA contributions)	$1,393	$4,634
Savings	**HDHP saves $3,241**	

Jordan chooses the Anthem HDHP. Here's why:

- Much lower total annual cost with low health care usage
- Employer HSA contribution makes out-of-pocket expenses more manageable
- Preventive care maintenance medications covered at no cost with the HDHP

Alex - Plan Usage: High

Alex is married with two children. His spouse needs knee surgery and one child regularly sees a specialist, so the family expects high medical costs this year.

Plan Feature	HDHP + HSA	PPO
Annual Premium	$5,172	$8,712
Annual Deductible	$3,500 individual / $7,000 family (embedded)	$1,250 individual / $2,500 family
Employer HSA Contribution	$1,400	N/A
Coinsurance	20% after deductible	20% after deductible
Scenario Costs		
Spouse: $20,000 Knee Surgery	$6,800 (individual deductible + 20%)	$5,000 (individual deductible + 20%)
Child: $2,000 Specialist Care	$2,100 towards deductible (4 x $225 specialist visits + 4 x $300 each Rx fill)	$440 (4 x $40 specialist copay + 4 x $70 each 90-day Rx fill)
Total Medical OOP	$8,900	$5,440
Total Annual Cost (premiums + cost of care – employer HSA contributions)	$12,672	$14,152
Savings	**HDHP saves $1,480**	

Alex chooses the Anthem PPO. Here's why:

- More comfortable paying higher monthly premiums with lower costs at time of service
- Prefers more copay options for prescriptions
- Wants to enroll in a Health Care Flexible Spending Account (FSA), which isn't available with the HDHP

**When covering a domestic partner, the employee/dependent child portion of the premium is deducted pre-tax, the domestic partner portion is deducted post-tax, and the domestic partner portion paid by the company is included in the gross income of the employee for tax purposes. This may increase your federal and state taxes.*

How the Health Savings Account (HSA) Works

When you enroll in the Anthem HDHP, you are eligible for an HSA through HSA Bank to help pay for your annual deductible and eligible health care expenses not covered by your medical, dental, or vision plan, tax-free.* That means no tax on the money you or the company contributes on the cost of eligible expenses, or on the interest you earn.

State taxes may still apply in CA and NJ. For detailed tax implications of an HSA, please contact your professional tax advisor.
***Eligible participants that are 55 years old at the beginning of the plan year or reach 55 years of age during the plan year.*

UNDERSTAND THE LIMITATIONS!

- You cannot be covered under another non-qualified health plan, including your spouse's Health Care Flexible Spending Account.
- You cannot be enrolled in Medicare or Tricare.
- You cannot be claimed as a dependent on someone else's tax return.
- You must have a valid Social Security or tax ID number and physical U.S. address to establish your HSA.
- Your HSA will be opened on the first of the month following your enrollment in the HDHP.

Questions? Refer to **IRS Publication 969** for a complete list of eligible expenses and HSA rules.

How the Flexible Spending Accounts (FSAs) Work

FSAs offer a smart way to budget your dollars by setting aside pre-tax money to pay for eligible health care and dependent child and elder care expenses. Each year, you must elect an annual amount to contribute. Your contributions will be deducted pre-tax from your pay, divided by each paycheck in the calendar year, which helps reduce your taxable income. Health and Dependent Care FSAs are administered by WEX.

	Health Care FSA	Dependent Care FSA
Annual Minimum	$100	$100
Annual Limit	$3,400	$7,500* ($3,750 if single or married and filing separately)
Eligible Expenses	Health care expenses, such as deductibles, copays, & prescriptions**	Dependent care, such as childcare and after-school care for children under age 13, as well as overage disabled children and elder care
Funds Available Date	Full annual election available upon benefits effective date (i.e. front-loaded)	You can be reimbursed up to the amount available in your account
Payment Method	Debit card, direct deposit, or check	Debit card, direct deposit, or check

Deadline for Submission for Reimbursement	You must submit for reimbursement by 3/31/2028	You must submit for reimbursement by 3/31/2028

Important FSA Rules

- Strict "use it or lose it" rule. Unused funds at the end of the plan year (December 31) will be forfeited, per IRS regulations.
- Employees enrolled in the HDHP are ineligible for a Health Care FSA. You cannot have a Health Care FSA and an HSA at the same time.
- If your spouse is enrolled in a Health Care FSA through their employer, you are automatically eligible for that FSA, making you ineligible for an HSA.
- The Dependent Care FSA is available if you and your spouse work or attend school full-time. Eligible expenses include childcare, before- and after-school programs, preschool, and summer day camp for children under age 13. You can also use the account for care for a spouse or adult tax dependent who is unable to care for themselves. You'll need to provide the care provider's tax ID or Social Security number when submitting a claim.

**The plan is subject to annual non-discrimination compliance testing, which may result in lower annual limits for highly compensated employees.*
***View an interactive list of eligible expenses at **WEX**, or for a complete list, refer to IRS Publication **502** and **503**.*

Commuter Benefit Plan

The WEX Commuter Benefits allow you to set aside tax-free funds for your commute to and from work. Eligible expenses include transit passes, tokens, fare cards, ticket books, vanpool costs, and parking costs near your place of work or near public transportation.

The maximum monthly contribution limit is set by the IRS for transit and parking expenses. If funds are not used during one month, they are rolled over to the next month. You can change your contribution level on a month-to-month basis in **UKG Pro > Myself > Benefits > Manage My Benefits**.

	Minimum Limit	Maximum Limit
Monthly Contribution	$10	$340

Basic Life and AD&D Insurance

Life and Accidental Death and Dismemberment (AD&D) insurance through Lincoln Financial Group provides financial security for you and your family if you pass away or become seriously injured. As an eligible employee, you receive Basic Life and AD&D insurance at **no cost to you**.

Keep in mind, on January 1 after you turn age 65, the amount of Basic Life and AD&D benefits will reduce. See Summary Plan Description for additional plan details.

- **Life insurance** is designed to provide your family with financial protection if you die from an illness, accident, or any other cause.
- **AD&D insurance** pays you or your family a benefit if you are killed or injured due to an accident. If a covered accident causes your death, your beneficiary receives a benefit from the plan. If a covered accident causes you to lose a body part or the ability to hear, see, or speak, you receive a benefit from the plan.

CHOOSING A BENEFICIARY

You may choose anyone to be the beneficiary of your Life and AD&D policy. Review your beneficiary designation periodically to ensure it reflects your current wishes. You may change your beneficiary at any time.

How Much Voluntary Life and AD&D Insurance Should I Buy?

When deciding how much Voluntary Life and AD&D coverage to buy, consider the following:

1. How much will your dependents need to pay debts, such as a mortgage, car loan, or credit card balances?
2. How much do your dependents need to maintain their current standard of living?
3. What kind of future would you like to provide for your dependents or others who depend on you for financial support?

Your questionnaire will be reviewed by the carrier, and you will be notified of their decision directly.

These benefits are paid directly to you so you can use them however you need most.

Accident Insurance

- Provides cash benefits for unexpected injuries such as broken bones, ER visits, or ambulance services

Hospital Indemnity Insurance

- Provides fixed cash payments for hospital admission and confinement

Why Consider this Coverage?

Even with a Health Savings Account (HSA) and Roper's contribution, the High Deductible Health Plan (HDHP) means you may face large out-of-pocket costs when an accident or hospitalization occurs. Accident Insurance and Hospital Indemnity help close that gap by paying cash benefits directly to you.

Monthly Rates	Employee Only	Employee + Spouse / Domestic Partner*	Employee + Child(ren)	Employee + Family*
Accident Coverage				
Lincoln Financial	$9.43	$15.94	$17.80	$24.13
Hospital Indemnity

This may increase your federal and state taxes.*

THE VALUE OF VOLUNTARY BENEFITS

- Coverage is affordable and offered to you at group rates.
- You own the policy and take it with you if you leave Roper or retire.
- Premiums are conveniently deducted from your paycheck.
- Coverage is effective once payroll deductions begin.
- You can insure yourself, your spouse, and your child(ren).

401(k) Retirement Plan

A 401(k) is a retirement savings vehicle that allows you to defer pre-tax income up to the IRS limit per year. The 401(k) Plan, administered by Fidelity, offers a variety of saving and investment options to reach long-term financial goals. You can contribute up to $24,500 and if you are 50+ you can contribute an additional $8,000 "catch-up" contribution. Those age 60-63 can contribute even more, up to $11,250.

Eligibility

All active U.S. employees age 18 and older are eligible for the 401(k) Plan. New hires are automatically enrolled at 5% after 35 days.

Learn more about plan eligibility and features in the Fidelity 401(k) enrollment brochure provided to you at the time of hire. You can also view the summary plan description on Fidelity's website, **NetBenefits**.

NEW WITH FIDELITY!

Beginning January 1, 2027, employees who receive the once annual performance/merit bonus, typically paid in March, will now make a separate bonus deferral election.

What does that mean for you?

If you're a bonus-eligible employee, you will make a separate deferral election that is unique to your annual bonus payment. **If you do not elect a deferral for your bonus payment, then no contribution will be made to your 401(k) from your bonus pay.** This new feature does not include commission pay or other bonus types.

- Will I need more, or less coverage?
- If enrolling mid-year, have I met all or a portion of the annual HSA or Dependent Day Care IRS limits at another employer that may reduce the amount I'm able to contribute for rest of the year at Roper?
